

## School Interviews Questions

Below I outline example questions which may arise in an independent school entrance interview at 11+ or 13+ entry level.

In the lead up to the interview it is a useful exercise to consider how you may answer these questions should they arise; however, it is important that your child comes across as authentic and natural, they must not appear scripted or over-rehearsed.

In the interviews masterclass I discuss example responses to some of the below questions.
